We haven't reinvented the wheel. Although after so many tests, you would almost suppose we had.

Audi cast aluminium wheels are subjected to constant strain during daily use. Comprehensive testing ensures that they nevertheless fulfil the high quality requirements expected of them. Furthermore, the use of complex casting processes results in high component strength, whilst the multiple coats of high-quality paint do not just create a stunning look, but also offer effective protection against scratches.

1 Cast aluminium wheels in 5-arm parabola design, high-gloss turned finish*, anthracite

Exceptional design, ideally tailored to your A5. Arms featuring a high-gloss turned finish, in dimensions 9 J x 20. For 265/30 R 20 tyres.

2 Cast aluminium wheels in 5-arm rotor design, dark gloss finish

For an especially dynamic appearance. In dimensions 8.5 J x 18 for 245/40 R 18 tyres.

3 Cast aluminium wheels in 15-spoke design, high-gloss turned finish*, silver

Interlaced well-base wheel in dimensions 9 J x 19 for 255/35 R 19 tyres.

4 Cast aluminium wheels in 15-spoke design, high-gloss turned finish*, ibis white

This well-base wheel impresses thanks to the contrasting colours used for the ring with high-gloss turned finish and the spokes in ibis white. In dimensions 9 J x 19 for 255/35 R 19 tyres.

5 Valve caps

The four metal valve caps with embossed Audi logo provide better protection for the valve against dust, dirt and moisture. Available for rubber, metal and aluminium valves.

Anti-theft wheel bolts

These bolts can be removed using the special adapter provided on delivery, making theft more difficult.

Audi Genuine tyres

Specially developed for each corresponding Audi model using the very latest materials. Tested in approx. 50 testing procedures. The standards applied during testing are considerably more stringent than the statutory regulations. When additionally purchasing summer tyres or when fitting winter tyres, Audi Genuine tyres are able to ensure the usual Audi quality.

Subject: Quality

Cast aluminium wheels

Beauty knows no pain.

By undergoing a copper accelerated acetic acid salt spray test, for example. When our experts test the quality of Audi Genuine Accessories wheels, they are just as innovative as our designers. Intense heat, high humidity, strong sunlight – there is practically no limit to the number of possible tests. But the most extreme endurance test is the copper accelerated acetic acid salt spray test, known as CASS. In the test, wheels which have been previously damaged by simulated stone chips are sprayed with this extremely corrosive solution for several days. Yet they must overcome all these challenges without visible adverse effects – so that even after many miles, you can be as thrilled by the design of your Audi Genuine Accessories wheels as you were on the first day.

*Please note the following information relating to wheels: Machine-polished, polished or part-polished aluminium wheels must not be used in the event of wintry road conditions. Due to the manufacturing process, the rim surfaces do not possess sufficient anti-corrosion protection and are at risk of long-term damage due to road salt or similar materials.

1 Cast aluminium winter wheels in 5-arm design
Complete winter wheel suitable for use with snow chains, in dimensions 7.5 J x 17 for 225/50 R 17 tyres. Fuel efficiency class: F-E, wet grip class: E-C, external rolling noise class: - 72-68 dB.

2 Wheel bag
A four-part set with convenient handles for easy and clean transport and storage of complete wheels. Made from tear-resistant plastic. Wheel bolts can be stored in the outside pockets.

3 Snow chains
For better hold on snow and ice.

The difference between looking good and “wow”.

Can a sporty vehicle make an even sportier impression? When it's an Audi, the answer is most definitely yes. There are special attachments available for your A5 model, which continue to emphasise the dynamics of the design. You can choose between wider side sills and a tailgate spoiler. A rear wing is also available for the A5 Coupé.

1 Side sills

Accentuate the dynamic body contour and give the vehicle an individual look.

2 Tailgate spoiler

For even more dynamism at the rear: the securely installed tailgate spoiler (pictured here in the vehicle colour).

3 Sports-style tailpipe trims

Made from chrome-finished stainless steel. Colour variants: silver and black. Not available for vehicles with tailpipe trims ex works.

4 Rear wing

Provides for excellent aerodynamics. The eye-catching design completes the athletic overall appearance of your A5. Only for the A5 Coupé.

5 Foot rest and pedal caps in stainless steel

The foot rest and pedal caps are made from brushed stainless steel. The rubber coating on the surfaces ensures enhanced grip.

6 quattro film set

The quattro logo as a film set for the rear section of the vehicle on both sides. Available in either Brilliant Black or Ice Silver Metallic depending on the exterior vehicle colour.

Chrome-finish trims for the radiator grille

A refined and elegant look in the blink of an eye.

If your hotel does not offer sport and leisure opportunities, just bring them with you.

Where will the mood take you next? Skiing in the mountains, for an extended kayak tour or on a relaxed bike trip in the countryside? Just make a spontaneous decision. The smart transport solutions from Audi Genuine Accessories give you the freedom to spend your leisure time as you want.

1 Carrier unit

For various roof rack modules, such as the bicycle rack, kayak rack or the ski and luggage box. The profile is made from anodised aluminium tubing. The carrier unit is easy to fit and is lockable. The maximum permissible gross weight of the carrier unit, roof rack modules and load for the A5 Coupé is 50 kg and 75 kg for the A5 Sportback.

2 Roof carrier bag

For the storage or transport of the carrier unit and smaller roof rack modules. Made from strong material, with several loops and a side pocket for tools or small items.

3 Trailer towing hitch

Detachable and lockable ball hitch. Includes a 13-pin socket, which is attached to the left-hand side of the ball hitch for easy access.

1

2

1 Bicycle fork mount

Comfortable handling. Lockable. Suitable for bicycles with a quick-action lock on the front wheel. Maximum load 17 kg. Only for the A5 Coupé and A5 Sportback. (Can only be used in conjunction with the carrier unit.)

2 Bicycle carrier for the trailer towing hitch

Bicycle carrier (also suitable for electric bikes) for up to two bicycles with a maximum load capacity of 60 kg.* The same key can be used to separately lock bikes onto the carrier and the carrier onto the vehicle. Moveable wheel restraints provide a secure hold. Easy access to the luggage compartment is achieved by way of a folding mechanism. The bicycle carrier can be folded up and conveniently stored in the bag provided, thereby saving space. An extension kit for a third bicycle is also available as an option.

3

3 Bicycle rack

The bicycle rack made from a specially formed aluminium profile and powder-coated steel makes it particularly easy to attach your bicycles. Lockable. Maximum load capacity: 17 kg. Only for the A5 Coupé and the A5 Sportback. (Can only be used in conjunction with the carrier unit.)

Front bicycle rack

Front bicycle rack from matt anodised aluminium, secured to make it harder to steal, completely pre-assembled. Not suitable for bicycles with knock-out spindle. (Can only be used in conjunction with the bicycle fork mount.)

*Please note the information regarding the maximum permissible trailer load and the gross vehicle weight rating of your vehicle in the vehicle wallet.

1

2

1 Kayak rack*

For single kayaks weighing up to 45 kg. Can be tilted for easy loading and unloading. The kayak rack and elasticated belt can be secured separately. (Can only be used in conjunction with the carrier unit.)

2 Ski and snowboard rack

To easily transport up to six pairs of skis or four snowboards. Lockable. Only for the A5 Coupé and the A5 Sportback. (Can only be used in conjunction with the carrier unit.)

3-5 Ski and luggage boxes*

A new design from Audi featuring improved aerodynamics thanks to a flatter, sportier visual concept. Platinum Grey roof box with Brilliant Black side blades and chrome-finished Audi rings for a high-quality, rivet-free look. Boxes are lockable and can be opened from both sides for comfortable loading and unloading. With internal handle for closing the box. Simple quick-action securing system incl. torque limitation. Positioned towards the front of the vehicle, making it easier to access the luggage compartment. Available in three sizes: 360 litres (image 3), 300 litres (image 4) and 405 litres (image 5). Maximum permissible load: 75 kg.

3

4

Bags for roof boxes

Robust yet flexible. These bags are equipped with a watertight floor featuring a watertight border extending 5 cm upwards. Ideal for making full use of the Audi roof boxes, as it is possible to use the individual bags in various combinations. Available in three sizes: S (43 litres), M (76 litres) and L (82 litres).

*Your Audi Partner will be happy to provide you with more precise information regarding the launch date for this product.

Max. number of snowboards	3-4	4-5	4-5
Max. length of skis in cm	175	155	190

During the journey: top-quality entertainment. At the end of the journey: exactly the same.

Audi Entertainment mobile is setting new standards in terms of entertainment quality. A range of connection options provide a high level of flexibility and the newly-designed holder means that the system can even be used outside the vehicle. The other navigation and communications options are, of course, also worth a look.

1 Audi Entertainment mobile

A 9-inch screen with integrated DVD player that is fitted to the backrests of the front seats. Excellent picture quality thanks to the digital high-definition screen, high level of functionality and numerous connection options, such as via the Bluetooth headset (available separately). Thanks to the new holder for mobile devices, the solution is easy to fit and can even be used outside the vehicle. Only for the A5 Sportback. Requirement: Preparation for Rear Seat Entertainment must be present in the vehicle. Only available from Audi Genuine Accessories.

2 Audi music interface (retrofit solution and adapter cables)*

Enables various Apple iPod and iPhone models as well as other media players to be connected to your vehicle. Media players can be operated via the infotainment system. To connect media players, additional adapter cables are required, which are available in a range of versions.

3 Bluetooth headset

The ideal addition to the optional Audi Entertainment mobile, compatible with various Apple products such as the iPad. The headset can be folded up and conveniently stored in the bag provided. The rechargeable batteries can achieve an operational life of up to 15 hours.

Audi SD card (8 GB)

For storing your music: ultra-compact and universal SDHC memory card (8 GB), class 6. Comes with a protective case.

Navigation update*

Maps with advanced content, e. g. new roads, points of interest and restaurants, for greater comfort and a more relaxed driving experience. Our tip: Combine the update with the next vehicle service.

*For more detailed information, please contact your Audi partner.

1 Universal mobile phone holder

For making phone calls without the driver having to be exposed to much radiation through connection to the external aerial and for safe storage of the mobile phone during the journey. The mobile phone is placed easily into the universal mobile phone holder and connects wirelessly with the vehicle's exterior antenna. Suitable for many popular mobile phone models. This means that the adapter does not need to be changed if you change your mobile phone. Prerequisite: mobile phone fitting (Bluetooth). There is a range of USB charging adapters, all of which are sold separately to match whichever mobile phone you have. The charger enables the mobile telephone battery to be easily charged up.

2 Audi wireless internet access

For establishing a free internet connection in the vehicle via WiFi. Serves as a hotspot for up to 8 mobile end devices such as tablets, laptops or smartphones – even outside the vehicle in a range of up to 100 m. The system is not dependent on the battery life thanks to the router integrated into the vehicle. With roaming function, even for prepaid cards.

3 iPad adapter

Adapter for Apple iPad devices; secured to the backrests of the front seats. The adapters can be simply slotted onto the holder for mobile devices, which is available separately. An iPad can still be used as normal. With integrated charging function and 90° pivot. Only for the A5 Sportback. Requirement: Preparation for rear seat entertainment must be present in the vehicle. Only available from Audi Genuine Accessories.

Mobile phone adapter*

Connection with the external aerial enables telephone conversations to take place without the driver having to be exposed to much radiation. Enables the battery to be charged and the mobile phone to be safely stored during the journey. Available for many popular mobile phone models. Prerequisite: mobile phone fitting (Bluetooth).

Drive an Audi. Before you even learn to walk.

Even if it will still be a few years before the youngsters are driving themselves: the child seats from Audi Genuine Accessories ensure that the little ones have just as much fun on the journey as the grown-ups.

1 2

1 Audi plush steering wheel

A steering wheel (24 x 24 cm) in an exclusive Audi design for racing drivers both big and small. Fitted with a squeaky horn for even more fun.

2 Cuddly "Rob the Gecko"

Made from high-quality plush, Rob is hard-wearing, soft and washable.

3 Audi baby mirror

Easy to secure to the head restraint of the rear seat thanks to the Velcro fastener, keeping the baby in the rear-facing baby seat in view. Viewing angle can be adjusted as required. Not for integrated head restraints.

3

1 Audi child seat

Can be used in the forward or rear-facing position. With adjustable seat shell, integrated seat belt and adjustable head restraint. Removable, washable fabric cover that is breathable and soft on the skin, certified in accordance with the Oeko-Tex® Standard 100 and available in Misano Red/Black and Titanium Grey/Black. Can only be used in conjunction with the ISOFIX base. Suitable for children from 9 to 18 kg (approx. 1 to 4 years of age).

2 Audi child seat youngster plus

Offers excellent comfort thanks to intelligent belt guidance. The backrest is adjustable in height and width. Adaptations can be easily made via a viewing window for size adjustment. Removable, washable cover, breathable and gentle to the skin, certified to Oeko-Tex Standard 100, in the colours misano red/black and titanium grey/black. Suitable for children weighing between 15 to 36 kg (approx. 4 to 12 years).

3 Audi baby seat

Can be secured using the three-point belt. The integrated seat belt ensures that the child is more secure; the attached cover also acts as sun protection. With adjustable head restraint. Suitable for small children up to 13 kg (approx. 0 to 12 months).

4 ISOFIX base for Audi baby seat and Audi child seat

For better stability of the Audi baby seat and the Audi child seat. Enables the seat to be installed and removed quickly. The adjustable support stand provides additional stability. Optimises protection for the child. Note: the ISOFIX base is optional for the baby seat and essential for the child seat.

5 Colour variants for child seats

All child seats are available in the combinations misano red/black and titanium grey/black. The fabrics used are gentle to the skin, breathable, non-fading and washable. Spare covers are available from your Audi partner.

Child seat underlay

Tailored to the design of the child seats and the interior of the vehicle. Car seats are protected against dirt and potential imprints made by the child seats. Includes two practical storage pockets. Fully compatible with all Audi child seats, even where the ISOFIX base is used.

Backrest protector

A practical solution to prevent the backrest of your vehicle seat from getting dirty. Easy to wash. Also prevents children damaging the seat if they kick it while travelling in the back and offers additional storage space in the form of four small pockets. Tailored to match the design of the child seats, the child seat underlay and the interior of the vehicle. Not for integrated head restraints.

Subject: Quality

Child seat

What the 15th of March 1954 has to do with the development of our child seats.

This was the day that Georges de Mestral received his patent for velcro. He thus posed a challenge for the Audi developers of today: the velcro test. Children's shoes or jackets often have velcro fastenings which wear the material out due to lodgement. The test therefore involves pulling velcro strips off the child seat covers repeatedly in order to test their durability. Only when the fibres have passed this and many other tests are they good enough to be processed into an Audi child seat. But the design, as well as the quality, must satisfy the high demands of Audi. That is why the individual threads are dyed. According to the exact specifications of our designers, so that they perfectly match the interior of an Audi. It practically goes without saying that the cover materials are Oeko-Tex® certified and breathable.

We have thought about everything. Especially you.

It's great when you don't have to look after everything yourself. Just like in your Audi A5, which is fundamentally designed to look after your needs. What's more, it can do so in a way that is completely tailored to your individual requirements – thanks to Audi Genuine Accessories, offering a wide range of intelligent solutions such as the parking aid, textile floor mats or luggage compartment shells. The high-quality products are optimally tailored to your A5 and offer even more comfort for every journey.

1 Luggage compartment inlay
All-round rim helps protect the luggage compartment floor from becoming soiled. Non-slip design holds loads more securely. Can be stowed away easily and takes up very little room.

2 Luggage compartment shell
Made-to-measure luggage compartment protection. Robust and washable. The all-round edging prevents liquids from leaking onto the luggage compartment floor. Only for the A5 Coupé and the A5 Sportback.

3 Luggage compartment box (foldable)
The functional and handy box in black polyester offers storage solutions for up to 32 litres. Easily assembled thanks to the Velcro tabs. When laid flat, the box also acts as an additional protective underlay for the luggage compartment. Washable and easy to clean.

Universal luggage compartment divider
Offers a flexible way to use the luggage compartment. Can be bent into the required shape and secured to the vehicle floor using the rip-tape fastener. Once removed, the partition system returns to its original shape. Exclusively for luggage compartment covers made from needle felt.

4 Sun protection system
This exact-fit sun protection system provides you with almost total protection from the sun in your Audi. Easy installation. Easy to store.

5 Premium textile floor mats
Tailored to the size of the floor in the Audi A5. Made from durable, tightly woven velour. With a special coating on the underside. The floor mats are always secured at the front of the vehicle using the points provided for this purpose on the floor. With A5 lettering.

6 Rubber floor mats
Made-to-measure. Better protection against heavy soiling. Secured to the vehicle using the fixing points on the floor. With A5 lettering.

1 Audi tracking assistant plus¹

Enables the tracking and tracing of a stolen vehicle in 27 European countries via GPS/GSM technology. With automatic driver recognition and an intelligent restart restriction function.

2 Storage pocket

Practical all-purpose pocket for versatile storage space to keep the vehicle neat and tidy. Attached to the backrest. Can be easily folded up and taken with you.

3 Protective harness for dogs²

Safety harness for dogs. Meets statutory regulations. Made from highly resistant materials including tear-resistant nylon and stainless steel parts. Special padding helps to avoid pressure marks. With reflective strips in the chest area. Can also be used as a harness for use outside the vehicle.

4 Rear protective cover²

Protects large surfaces against dirt at the rear. The versatile zip-fastening system allows the dog to enter or exit the vehicle via the rear doors, or through the driver door or front passenger door when the front seats are folded forwards. Simple and fast to attach. Durable surfaces, water-tight and washable.

5 Rear seat bag

An organised storage space for the rear seat bench. With its various interior mesh pockets, additional storage compartment and total volume of approx. 27 litres, the rear seat bag in high-quality Audi design provides plenty of space for the various items required on a long journey. Easily secured using the three-point belt. Includes a non-slip surface on the underside of the bag.

Rubbish bin

A practical product for disposing of rubbish accumulated when travelling, with a waterproof interior compartment and a capacity of approx. 5 litres. Can be fitted to the backrests of the front seats. Easy to clean. Standard refuse bags can also be used and secured easily inside the rubbish bin.

Seat back pocket

Additional storage capacity in a high-quality Audi design with various practical sections – for an even tidier interior. The pocket has a volume of approx. 11 litres and can be secured to the backrests of the front seats. The handles also enable it to be used outside of the vehicle.

Ski bag

A convenient way to transport your skis. The ski bag with its premium design offers space for up to four pairs of skis or three snowboards, and can be secured to the fastening rings in the luggage compartment via the integrated straps. The roller system makes it easy to carry the bag outside of the vehicle.

Vehicle cover

Ideal fit, in anthracite, bearing the Audi logo. Made from a breathable and antistatic material. The piping accentuates the shape of the vehicle. Excellent protection from dust and dirt. For indoor use only.

¹ For more detailed information, speak to your Audi Partner. ² Your Audi Partner will be happy to provide you with more precise information regarding the launch date for this product.

What can you learn from bats about parking?

There are few things we would like to mention. Such as ultrasonic navigation. Bats use this technique with impressive precision to navigate the most difficult of terrains. It was therefore only natural that Audi would fall back on this principle for the parking aid – a retrofit solution designed to help you park and judge distances. The four bumper sensors (which can be painted over) alternately send out an ultrasound signal that is reflected back by any obstacles. To achieve a high level of system precision in the relevant area between 1.40 m and 30 cm, the retrofit kit is individually calibrated, thereby preventing objects such as the trailer towing hitch from Audi Genuine Accessories from being falsely detected. Using ultrasound, the bat arrives at its destination – and your Audi arrives safely in its parking space.

1 Parking system

Supports the driver by indicating acoustically how far away the vehicle is from an obstacle. 4 ultrasonic sensors are concealed in the rear bumper. Activated by engaging reverse gear.

2 Cruise control system

Keeps the set speed constant at 30 km/h and above.* Active braking intervention, e. g. when driving downhill, is also possible, as is operation via the separate steering column stalk. The set speed is displayed in the driver information system.

Mud flaps

Made out of high-quality plastic. Reduce paint damage and dirt around the sills and the rear apron panel. Available in sets of two for the front and/or rear.

LED gooseneck reading lamp

Very bright light exactly where it is needed – thanks to the flexible silicon rubber neck. High level of stability in any position. Connection via the cigarette lighter.

Loading sill protective sheet

Exact-fit. Made from transparent sheeting. Provides the bumper with better protection against damage when loading and unloading the luggage compartment. Only for the A5 Coupé and A5 Sportback.

Cabriolet car care set

For basic vehicle care. Includes 300 ml of active-foam cleaner, 300 ml of material waterproofing agent (for the soft top and textile covers), an insect remover glove and a sponge.

* Provided that engine power and/or engine braking effect permit it.

Even more A5? But of course.
