

Audi collection

Autumn/winter 2019

Make the most of those special moments.

We often lose sight of how valuable our time is. Making the most of those special moments means making unforgettable memories, rather than getting bogged down in what's not important. With Audi collection, we are lending something extraordinary to every moment.

The diverse selection of Audi collection items are divided up into the areas of Audi rings, quattro, Audi Sport, and heritage.

Audi collection

Innovation, quality and design are our claim. The Audi collection products with the four rings stand for progressive design, top-class workmanship and selected materials for the values of the Audi brand.

A push pole to help parents guide the vehicle is available as an accessory. For children aged between 18 months and 3 years. Made in Germany.

A passion for the original.

Audi drivers have high expectations. Even the details must have that thrill factor.

The same goes for the Audi miniatures, which reflect the extraordinary fascination of the originals on a small scale. That way your customers can bring to life and relish the spirit of the four rings in the comfort of their own home, too.

Audi collection Miniatures

The Audi miniatures are manufactured with the same precision and passion as their full-size counterparts. At the end of the day, even Audi's smallest products receive the four rings only when the quality is compelling right across the board.
